HEAVY-DUTY MULCHER

Available in 2.4m, 2.6m and 2.9m working widths, the Mega is McConnel's most powerful flail mower. It is capable of cutting through vegetation up to 100mm thick and is ideal for fast, effective mulching in gorse, dense overgrowth and thick stubble.

Featuring heavy-duty build quality throughout, the Mega thrives on heavy workloads and in challenging environments making it an ideal tool for forestry specialists, full-time contractors and local government.

KEY FEATURES

Flexibility is key with front and rear mounting available and a fully adjustable five-position rear gate, allowing operators to spec the machine to deliver everything from a fine-cut finish to a heavy-duty mulch.
